Wakatobi wonder

From world-class underwater adventures to five-star cuisine, this is a family experience without equal.

Wakatobi Resort is a world-renowned diving and snorkelling destination, and it's not just for adults. Though located in a remote island setting in southeast Sulawesi, Indonesia, the resort offers lots of great services for families. From the beginning of your holiday, direct charter flights from Bali to a private airstrip and terminal-to-room concierge services make travelling with youngsters easier, while Wakatobi's culinary team can provide kid-friendly menus and cater to special dietary requests, all of which are prepared to the same high standards as the five-star cuisines enjoyed by mums and dads.

Spacious bungalows offer plenty of personal space, an essential on any family getaway. For larger groups, reserve one (or more) of the oceanfront villas to enjoy a second bedroom and bath, private decks with plunge pools and beautiful views of the water. Littlies can be left in the care of Wakatobi's nannies while parents explore the underwater world or enjoy relaxing spa treatments, sunsets at the jetty bar and restaurant or patio dining overlooking the ocean.

Wakatobi's Kids Club caters to kids between five and 12 years, offering a range of age-appropriate activities that can include kayaking, kite flying, treasure hunts, nature

walks, sand sculpting, snorkelling and more. These programs are supervised by attentive counselors, with a maximum ratio of three youngsters per adult.

Children aged eight and up can participate in Bubblemaker and Discover Scuba Programs, or join their parents for family snorkelling sessions, either on Wakatobi's famous House Reef or aboard one of the comfortable custom-built dive launches. Older children with junior certifications can share the underwater adventures with their parents while remaining under the attentive care of the resort's professional dive guides and instructors. For the ultimate snorkelling or diving experience, families can even charter a private boat and guide. ●
