Extended Stay, Loyalty and other Benefits

Wakatobi provides numerous opportunities for guests to realize significant savings on their stay:

Extended Stays:

The average Wakatobi vacation is 10 nights; Guests staying for an extended package benefit from a reduction from both accommodation and activity packages. Stays of more than 7 nights receive a 5% reduction. Stays of more than 14 nights received a 10% reduction.

Prices listed for Unlimited Diving / Snorkeling packages (page 8) already account for the extended stay reductions.

Extended stay reductions apply to both resort and Pelagian dive yacht stays.

Loyalty Reductions:

Repeat visitors can also enjoy an additional graded loyalty reward of 5% for second and third visits, and 10% for fourth visit and beyond.

Early Payments:

For timely bank transfers, we offer an attractive early payment reduction:

- Settle in full by bank wire more than 12 months prior to your package departure date, and earn a 5% reduction from your total invoice.
- Settle in full by bank wire more than 9 months out, and save a total of 4%.
- Settle in full by bank wire more than 6 months out, and save a total of 3%.

Your balance payment is due to arrive with us no later than 90 days prior to departure. Providing your wired balance payment arrives with us more than 90 days ahead of your departure, you can still earn a 2% reduction from your invoice total.

NB these reductions are not accumulative. Should you choose to settle in full ahead of the normal payment schedule, and benefit from the early payment reduction of 3%, 4% or 5%, this is the total reduction extended. The 2% is included within the reduction already offered, not an additional reduction.

Please inquire for additional information – office@wakatobi.com

Terms & Conditions

Any payment made prior to service delivery constitutes acceptance of the stated terms and conditions

Flight dates, package prices and terms and conditions are subject to change at any time without prior notice

All inclusions are subject to substitutions.

1 TERMS AND CONDITIONS FOR INDIVIDUAL BOOKINGS

1.1 Payment Terms:

Individual Bookings are subject to the following Payment Terms:

Upon placing a booking, an invoice will be issued for the Resort / Yacht package, the Diving / Snorkeling inclusions, and the round-trip air transfers.

- A deposit payment of 25% of the total value of the booking will be required within 10 days of issuing the invoice.
- The remaining balance payment will be due to arrive with us no later than 90 days prior to the package departure date.

We offer an incentive (worth 2% of the invoice total) to those clients who meet the payment schedule, and settle by (international) bank transfer.

All Payments should be transacted in US Dollars, except by prior arrangement.

We are unable to block spaces indefinitely without the security of timely payments. As such, in certain circumstances, in the event payments are not settled by the payment due date (as outlined above), we retain the right to amend / cancel a reservation, without refund.

1.2 Early Payment terms

Individual Bookings are entitled to the following Early Payment Incentives for settling ahead of the usual payment schedule, (as outlined above):

Early Payment Incentives are offered to those clients who settle in full, in one single transaction by a pre-agreed payment due date, and settle by (International) Bank Transfer

Early Payment Incentives are offered on the costs of the Resort / Yacht package, the Diving / Snorkeling inclusions, and the round-trip air transfers.

- We offer an incentive worth 5% of the package price (inclusions as above) for any payments received in full more than 12 months prior to the package departure date.
- We offer an incentive worth 4% of the package price for any payments received 9 – 12 months prior to the package departure date.
- We offer an incentive worth 3% of the package price for any payments received 6 – 9 months prior to the package departure date.
- To those guests who choose not to pay in advance, and benefit from the early payment incentives outlined above, we offer an incentive worth 2% of the package price. This reduction is offered to guests who settle the 25% confirmation deposit on time, and transfer the balance payment to arrive with us no later than 90 days prior to travel. (This incentive applies to payments made by (International) Bank Transfer only, and is offered instead of the 3%, 4% or 5% reductions outlined above (for an early payment). This 2% reduction is not offered in addition to the 3%, 4% or 5%.)

1.3 Cancellation policy:

Once in a while, circumstances in the lives of our guests may prevent their travel at short notice. Due to the way our operations work, we are invariably unable to re-sell such spaces, and depending on the notice offered with a cancellation, we levy a graded cancellation charge.

While we sympathize with guests, we are not in a situation where we can be held responsible should a problem befall our guests in advance of travel. Rare is the case our guests are left nursing a financial loss as in almost all cases, a comprehensive travel insurance policy can be called upon to reimburse any such expenses.

- Cancellations made after payment of the initial 25% confirmation payment has been received, and in advance of 91 days prior to the package departure date are subject to a cancellation charge of 50% of all monies received. (50% of all monies received should equal 12.5% of the invoice total).
- Cancellations made between 46 – 90 days prior to departure are subject to a cancellation charge of 25% of the invoice total (25% of the invoice total should be equal to the value of money received at the time the booking was placed
- Cancellations made 45 days or fewer prior to the package departure date forfeit all monies paid.

We strongly recommend that all guests protect their investment by securing a fully comprehensive travel insurance policy.

We pledge that we will invest all funds the company receives through cancellation charges into our ground-breaking Collaborative Reef Conservation Programme.

We recognize that the structure of a group booking can sometimes change between the time the booking is placed, and the date of travel.

Should an adjustment in the number of participants result in group numbers falling below any applicable complimentary space criterion, the comp-spot entitlement will be revised accordingly.
